LEVEL 2 ASP EQUIPMENT

Electrical tools for accredited service providers should be safe and efficient. EFO only supply's high quality level 2 ASP Equipment. Specifically designed for electrical contractors conducting Category 1. Category 2. Category 3 and Category 4 work. Level 2 ASP equipment is for electrical contractors undertaking underground and/or service work on utility networks. As such, you require a specific range of equipment to undertake the work from the point of supply. to the point of attachment and the meter box. As leading distributor level ASP Equipment our focus constantly improving design and functionality. Furthermore we provide the best quality and value products. Consequently Saving you time on confusing options.

INSULATED LINESMAN'S COVER MAG-PSTUD

SKU: LVLC-M

Our Insulated Linesman's Cover is utilized by Utilities and Electrical Contractors. They provide a temporary electrical insulation barrier during maintenance of power lines. Conductors, cabling, catenary wires, fuses, cross-arms, pins and links. This cover also has Magnet-press stud fasting for easy installation.
