

HALOSL SAFETY HARDHAT LIGHT

The New Illumagear HaloSL Hardhat Light is a new Personal Active Safety System that securely attaches to any hard hat and produces a ring of light around the wearer enabling them to see and be seen in all 360° directions at all times. The HaloSL Safety hardhat light also has the option of coloured LEDs at the rear for added safety. A Spot and Task Light with multiple power modes is incorporated on the front. Employees feel safer wearing the Halo light, they see the work area better and have increased peripheral vision in the dark. The Halo mitigates night-time road or vehicle movement safety concerns.
